

Keep Cool with Our Expert A/C Service!

Utah's warm, spring weather is finally here and summer break is just around the corner, which means...either an upcoming road trip, or lots of ice cream outings!

Either way, now is a perfect time for a check up on your vehicle's air conditioning system! An average car loses 10% of it's Freon per year, making this a great opportunity for yearly maintenance or a complete freshen.

Don't sweat it, we've got you covered with our top-notch A/C service, bringing the chill back to your ride in no time. At Jake's Auto and Truck Repair, we're committed to keeping you cool and comfortable wherever your journeys take you.

We are now offering 3 spring specials through May 10, 2024 to anyone who comes in and mentions this ad. Below is a list of key details and benefits for each. Give us a call or click "Appointment Request" to schedule an appointment.
