

on the  **renewal**

If you need to renew your registration, you don't have to wait in long lines at the **DMV**. We are an On the Spot renewal center, so stop by and we'll take care of everything for you. We can perform the inspection, renew your registration, and get you your new plate decal, all in one easy trip.

When you come in, we'll practice strict CDC guidelines for sanitization and social distancing. Plus, your trip will be much faster than going to the DMV.

Stop by our service center or call us at (801) 571-4471 and we'll get your registration renewed as quickly as possible.
